

Course Code: 1Z802GW

Course Title: IBM InfoSere Master Data Management Fundamentals (V11.6)

Description:

This course will build a foundation for students interested in what master data is and how it is managed. The student will learn about master data management (MDM), MDM implementation styles, and a variety of MDM use cases. The student will then be introduced to multiple IBM MDM solutions and will gain an understanding of the capabilities of each solution.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the Self-Paced Virtual Classes and Web-Based Training Classes on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course. <http://www.ibm.com/training/terms>

Objectives:

An introduction to MDM • What is Master data? • What is Master Data Management? • Issues addressed by MDM and benefits of MDM

Use cases • Sampling of real world use cases and examples

MDM and service oriented architecture • What is a Service Oriented Architecture (SOA)? • IBM's SOA Reference Architecture • How does MDM and SOA relate?

MDM implementation styles • Consolidation Style • Collaborative Style • Registry Style • Co-existence Style • Transactional Style • Staffing an MDM project

Infosere MDM • InfoSere MDM Virtual Module • InfoSere MDM Physical Module • InfoSere MDM PME • InfoSere MDM Collaborative Edition • InfoSere MDM Reference Data Management • MDM Express

Duration:

8 Hrs

Topics:

An introduction to MDM • What is Master data? • What is Master Data Management? • Issues addressed by MDM and benefits of MDM • Use cases • Sampling of real world use cases and examples • MDM and service oriented architecture • What is a Service Oriented Architecture (SOA)? • IBM's SOA Reference Architecture • How does MDM and SOA relate? • MDM implementation styles • Consolidation Style • Collaborative Style • Registry Style • Co-existence Style • Transactional Style • Staffing an MDM project • Infosere MDM • InfoSere MDM Virtual Module • InfoSere MDM Physical Module • InfoSere MDM PME • InfoSere MDM Collaborative Edition • InfoSere MDM Reference Data Management • MDM Express

Audience:

This course is for anyone who would like to learn about master data, master data management, and IBM's MDM solutions.
