

Course Code: HPMP01G

Course Title: PMI - Project Management Professional

Description:

The Project Management Professional (PMP) certification offered by the Project Management Institute (PMI) is one of the most widely recognized and respected certifications in the field of project management. PMP certification demonstrates that a project manager possesses the knowledge, skills, and experience required to successfully lead and manage projects.

Objectives:

PMP training courses are designed to help individuals prepare for the PMP exam by covering the various aspects of project management as outlined in the Project Management Body of Knowledge (PMBOK).

Prerequisites:

To pursue the Project Management Professional (PMP) certification, candidates must meet certain educational and professional experience prerequisites as follows:

Education: A four-year degree (bachelor's degree) or the global equivalent.

Project Management Experience: A minimum of three years (36 months) of non-overlapping professional project management experience. This experience must include a minimum of 4,500 hours leading and directing projects.

Project Management Education: 35 contact hours of formal education in project management.

Duration:

32 Hrs
